Due to the Covid 19 Pandemic, we will implement the following protocols for our Little Disciples ministry. Any updates will be communicated with all registered families.

1. Masks will be required of all participants (children, leaders and parents).
2. A child or volunteer experiencing any symptoms of illness (including but not limited to runny nose, headache, sore throat, or cough) will not attend Little Disciples on that day.
4. Children will be seated as far apart as reasonably possible in the Little Disciples area.
5. Coordinators will limit activities to those that do not require direct contact between children from different households (ie. no games requiring holding hands, etc.), and will provide personal craft supplies (not shared) as best they can.
6. Hand Sanitizer will be available at all times in the Little Disciples area.

I acknowledge and agree to the above protocols for my child's participation in Little Disciples.
